Eligibility

Research: Full-time faculty members who meet eligibility requirements may request funds to initiate a research project with the objective of securing external funds to continue the research. Latitude within these requirements can be achieved through consultation with SHRP's Associate Dean for Research.

Amount of Awards: The Foundation will normally consider grant applications up to **\$20,000**. The Foundation will provide 50% of the total grants and the investigator will be required to procure the other 50% from their school or other sources.

Full-time faculty appointment: Part-time and adjunct faculty are not eligible. Preference will be given to faculty who are within **four years from date of initial faculty appointment at UMDNJ or from date of completion of terminal degree**. Preference will be given to faculty whose current total annual extramural research support as Principal Investigator from any source is no greater than \$100,000 in direct costs.

Salary: Salary may not be requested for the principal investigator or author or other fulltime UMDNJ faculty members or staff.

Exceptions require approval of the Associate Dean for Research.
